You Don't Believe It.

Of course you don't; for it is absurd to advertise that any article is "a sure cure." A well-founded claim for the beneficial healing qualities of scarlet medicated underwear is advanced by many and accepted by not a few. That it is a "sure cure" for anything is nonsense. It is warm, it is durable; therefore it is profitable to buy. We sell Medicated Scarlet Pants and Vests, bound and stitched

It's a Cold Day

When we get left when the weather is in season; but we must confess that we have been left on a great many goods which would have moved from our shelves without any further reduction from our already low prices but for the mild, balmy weather; and, no doubt, if we had patience to wait for the "cold days" we could get 20 per cent. more for our stock than the figures we give you below. But our ambition to trade is of such a nature that when we conclude to make a slash into our prices we never grieve at what we have done.
